

# Surface lifts

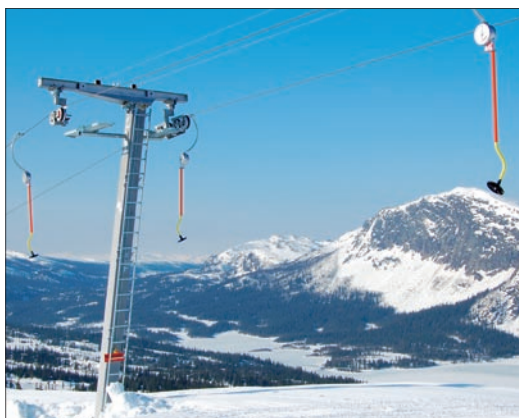

**Loipolder**  
SEILBAHN TECHNIK

## Product

### *Loipolder surface lifts have pulling power*

Whether a platter lift for one or a T-bar for two, our surface lifts are always an attraction.

With our proven modular system, the right lift for your requirements is quickly designed. Our surface lifts are very much at home next to a ski trail, but they are also the ideal choice as toboggan lifts, for transportation services and factory conveyance applications. Your wish is our challenge!

Platter lift

Platter lift

## Technical Data

	Platter lift	T-bar lift
Transport capacity	up to 900 P/h	up to 1200 P/h
Gage	2.0 or 2.5 m	2.5 or 3 m
Rope height	up to 8 m	up to 8 m
Rope tension	up to 25 to	up to 25 to
Output	up to 200 kW	up to 200 kW
Haul rope diameter	14.5 mm and above	14.5 mm and above
Haul rope type	6x7 wires, galvanized	6x7 wires, galvanized

## The basics in brief

- For 1 or 2 persons
- Hydraulic tensioning or counterweight
- With infinitely variable top or bottom drive
- With low-twist and low-tension haul rope
- Complete with electric switch cabinet and safety systems
- Galvanized
- All safety components certified pursuant to Directive 2000/9/EC
- DIN EN ISO 9001:2000 certified production
